

REMARKS/ARGUMENTS

Claim Amendments

The Applicant has canceled claims 1-15; claims 16-31 have been added. Applicant respectfully submits no new matter has been added. Accordingly, claims 16-31 are pending in the application. Favorable reconsideration of the application is respectfully requested in view of the foregoing amendments and the following remarks.

Examiner Objections – Drawings

The Drawings were objected to because they refer to claims. Corrections to the drawings are shown on the enclosed replacement sheets. The Examiner's approval of the drawing change is respectfully requested.

Examiner Objections – Specification

The specification was objected to because of several informalities. The Applicant thanks the Examiner for his careful review of the specification. In response, the Applicant has modified the specification as suggested by the Examiner. The Examiner's consideration of the amendments to the specification is respectfully requested.

Claim Rejections – 35 U.S.C. § 112

Claims 1-15 stand rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter as the invention. Claims 1-15 have been cancelled rendering the rejection of claims 1-15 moot.

Prior Art Not Relied Upon

In paragraph 9 on page 5 of the Office Action, the Examiner stated that the prior art made of record and not relied upon is considered pertinent to the Applicant's disclosure.
